

Thanks to the votes by
pupils, this year's theme
is **MINECRAFT**

JUNE 8TH 2024

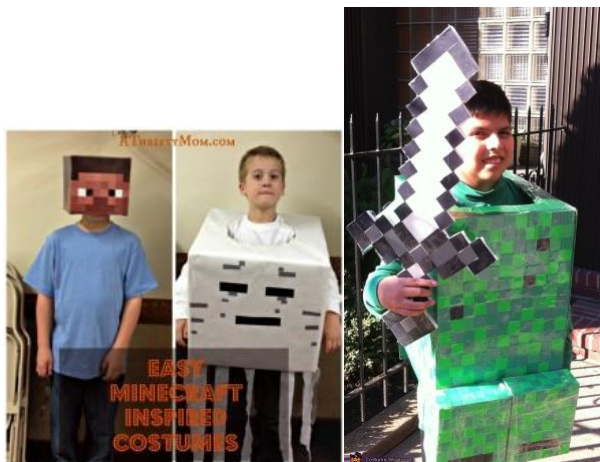

Get involved with this year's float construction and participate in making artwork for the float and/or make your own costume for the carnival procession!

We will need all the help to make a series of **CARDBOARD** squares and boxes to create a **FLOURESCENT MINECRAFT STYLE CASTLE, DIRT&GRASS BLOCKS, A TREE, STEVE & ALEX, LARGE SPIDERS & VARIOUS ANIMALS!** *Contact the office for contact details.*

COSTUME IDEAS

ANYTHING! As long as it has a **HEAD** and **TORSO**, or any combination as long as there are blocks of some kind, especially if you want to be an animal or plant or tree! **THE BRIGHTER THE BETTER SO WE CAN WOW THE JUDGES WITH YOUR DESIGNS.** There will also be prizes for who can make the cheapest costume.

PLEASE NO BOUGHT COSTUMES OR GUNS!

Hopefully in May when the weather is warmer, we will be doing a crafting session on the grass in front of the pond at pick up for anyone who would like to come and help paint and make things to go on the float. There will be a **MINECRAFT** themed cake sale to help raise funds for paint and materials.

In the meantime it would be amazing if you could all save your **Amazon/printing paper/cardboard boxes** so that we can utilise them in some way to transform the float. They can be brought to school and we will store them in the container. If anyone would like to donate paints, masking tape that would be greatly appreciated!
